

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 7305 Madison Ave., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."—Mrs. ADA WILT, 196 Stock St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BREAKS A COLD NEEDS NO HELP

"Pape's Cold Compound" Ends Colds and Grippe in Few Hours—Tastes Nice—Acts Gently.

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.—Adv.

ASTOR WILL TAKE FIANCEE ON CRUISE

To Cover Course Followed by Father on Ill-Fated Honeymoon Trip.

New York, Jan. 29.—Vincent Astor's yacht Noma, it became known yesterday is being put in shape for a pre-nuptial cruise to the Mediterranean, on which Mr. Astor will be accompanied by Miss Helen Huntington, his bride-to-be; her mother, Mrs. Robert P. Huntington, and his mother, Mrs. Ava Willing Astor. It is understood that the cruise is to be of two months' duration, during which the party will cover almost the same course followed by the late Col. John Jacob Astor on his ill-fated honeymoon trip.

BIG EQUIPMENT ORDER.

Union Pacific Places Contract for 5,000 Freight Cars, Costing \$5,500,000.

New York, Jan. 29.—Five thousand freight cars, aggregating in value about \$5,500,000, have been ordered by the Union Pacific Railroad company, it is announced. This is the largest equipment order that has been reported for many months.

WHY ENDURE PIMPLES

CUTICURA Soap and Ointment

Do so much for pimples, blackheads, red, rough hands, and dry, thin and falling hair, and cost so little that it is almost criminal not to use them.

Cuticura Soap and Ointment sold throughout the world. Liberal sample of each mailed free, with 25¢ box. Address: "Cuticura," Dept. 438, Boston. Beware of cheap imitations. Cuticura Soap will find its way to skin and scalp.

WAS GRAND LARCENY

Commissioner Osborne So Characterizes Method of Securing Contract

BANKER CALLED IN N. Y. GRAFT PROBE

Whitney Investigating Accounts of Gaffney, Alleged Bagman

Albany, Jan. 29.—Commissioner Osborne yesterday ordered testimony taken before him concerning highway repair work in Montgomery county and referred to the district attorney of that county, with a request for grand jury action. The work was performed by the Mohawk Construction Co. of Amsterdam of which Peter Baird, a friend of Joseph Murphy, retired Troy Democratic leader, is president.

Osborne characterized as grand larceny the manner in which the contract was obtained. Osborne said the work was absolutely worthless and one witness testified that it was blown away in pieces.

The name of Charles F. Murphy, Jr., a nephew of the leader of Tammany hall, figured in the state graft inquiry of James W. Osborne yesterday.

A telegram signed by Mr. Murphy and addressed in 1908 to Daniel L. Mott, a U. S. contractor, telling him to communicate with Mr. Murphy and he would "execute" a contract which already had been awarded to Mott, was introduced in evidence.

"In justice to Mr. Murphy," said Roy K. Fuller, secretary to the highway department, "I want to say that he never communicated with our office in connection with any contract."

Mr. Osborne said he was at a loss to understand the telegram, but thought maybe Mr. Murphy meant he could execute the contractor's bond.

BANKERS CALLED IN GRANT PROBE

Whitney Investigating Accounts of Gaffney, Alleged Murphy Bagman.

New York, Jan. 29.—District Attorney Whitney took another tack in his investigation of the bank accounts of Charles F. Murphy, "chief" of Tammany hall, yesterday, when he issued subpoenas for more than a score of stock brokers in New York, 14 in Buffalo were subpoenaed and two in Albany. Subpoenas were also issued for 18 bankers in Buffalo and 12 in Albany.

It is understood that the subpoenas issued yesterday are in connection with the investigation into the accounts of James E. Gaffney, Murphy's alleged "bagman," as well as being related to those of "the chief."

Whitman would not comment on the new developments in the highway graft probe.

COUNTY BOSS GOES TO JAIL.

Cassidy of Queens' Put Under Restraint by Judge.

New York, Jan. 29.—Joseph Cassidy, Queens' county Democratic leader, was remanded to Brooklyn jail at the close of the second day of his trial on a charge of receiving a bribe. Intimations are about that an attempt at jury-fixing had been made.

RATE INCREASE OUTLOOK IS POOR

Frisco Report and New Haven Scandal Likely to Aid in Denial of Petition.

Washington, Jan. 29.—It is already apparent that the revelations in the Frisco report by the interstate commerce commission will be made the basis of strong opposition in congress to the 5 per cent. increase in freight rates which the railroads in eastern territory are demanding.

On the heels of the Frisco report Senator Norris is expected to introduce a resolution calling for investigation as to the inside of the New Haven high financing. Senator Norris wants to know what became of all the money raised in the Mellen regime which did not go into improvements.

The Frisco report will be published as a Senate document. It will be made the basis for demands for strict control of capitalization as well as of opposition to increasing freight rates.

The opinion is growing here, following the tap line decision, that instead of permitting the roads to increase rates, the interstate commerce commission will point out to the roads how economies can be made.

The great pile of statistics presented to the commission by shippers of the official classification territory to back up their protest against a 5 per cent. increase were augmented yesterday with data on the tile, brick, and clay industry. Witnesses from many parts of the brick territory agreed with witnesses representing other industries previously heard that the carriers could increase their revenues more than 5 per cent. and eliminating unnecessary expenditures.

FIRST STEPS TAKEN.

In the Congressional Investigation of Mining Strikes.

Washington, Jan. 29.—First steps in the congressional investigation of the Colorado and Michigan mine strikes were taken yesterday by the House mines committee, designated to make the inquiry. Chairman Foster called the committee together in an early meeting to decide upon plans.

Specifically, the congressmen will investigate whether the postal service has

THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money.

We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called Reall Olive Oil Emulsion. It is the best remedy, when you are run-down, tired, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscle, good digestion. It contains hypophosphites, which tone the nerves, and pure olive oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,800 Rexall stores, and in this town only by us. \$1.00.—Red Cross Pharmacy, Floyd G. Russell, Prop., 180 North Main street, Barre, Vt.—Adv.

been interfered with, whether immigration laws have been violated, whether they are agreements in restraint of trade, and whether peonage exists. There is a possibility that the Colorado and Michigan inquiries may be carried on simultaneously by different subcommittees.

EDUCATION OF IMMIGRANTS.

The Problem Is of Great Importance to United States.

That immigrants are keenly interested in schooling for their children, or at least conspicuously obedient to school-attendance laws, is the declaration of Dr. P. P. Claxton, United States commissioner of education. "The least illiterate of our population are the native-born children of foreign parents," says Dr. Claxton, in a bulletin on education for immigrants just issued. "The illiteracy among the children of native-born parents is three times as great as that among native-born children of foreign parents."

Dr. Claxton reviews the whole problem of education for immigrants, in and out of school. "To the people of no other country is the problem of so much importance as to the people of the United States. No other country has so many men, women and children coming to its shores every year from all parts of the world."

"Many of those who have come to us in recent years are from countries having very meager provisions for public education. According to the federal census of 1910 more than 25 per cent. of the foreign-born population of three states was illiterate, from 15 to 25 per cent. of states, from 10 to 15 per cent. of 11 states, and from five to 10 per cent. of 5 states, from 10 to 15 per cent. was the percentage of illiteracy of the foreign-born population less than five."

"Most of the immigrants in recent years have little kinship with the older stocks of our population, either in blood, language, methods of thought, traditions, manners, or customs; they know little of our political and civic life and are unused to our social ideals; their environment here is wholly different from that to which they have been accustomed. Strangers to each other, frequently from countries hostile to each other by tradition, of different speech and creeds, they are thrown together, strangers among strangers, in a strange country, and are thought of by us only as a conglomerate mass of foreigners. With little attention to their specific needs, they are crowded into factories, mines, and dirty tenement quarters, too often the prey of the exploiter in business and the demagogue in politics."

"Immigrant education is not alone the question of the school education of children. The millions of adult men and women, and of children older than the upper limit of the compulsory school-attendance age, must be looked after; they must be prepared for American citizenship and for participation in our democratic industrial, social, and religious life; they must be given sympathetic help in finding themselves in their new environment and in adjusting themselves to their new opportunities and responsibilities. The proper education of these people is a duty which the nation owes to itself and to them. It can neglect this duty only to their hurt and its own peril."

Cheap and Easily Made, But Ends a Cough Quickly
How to Make the Very Best Cough Remedy at Home. Fully Guaranteed.

This pint of cough syrup is easily made at home and saves you about \$2.00 as compared with ordinary cough remedies. It relieves obstinate coughs—even whooping cough—quickly, and is splendid, too, for bronchial asthma, spasmodic croup and hoarseness.

Mix one pint of concentrated sugar with 3 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (25 cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features. Pinex, as perhaps you know, is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and the other natural healing pine elements.

No other preparation will do the work of Pinex in this mixture, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup remedy. This plan has often been imitated, but the old successful combination has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

NEW VERSION OF OLD TALE

Story of Arms from Japan for Huerta So Described

GOVERNMENT OF EMPIRE

Has Not Furnished War Munitions—Business Houses May Have

Washington, Jan. 29.—Reports have been published that Japan was supplying arms to the Huerta government and that President Wilson discussed that phase of the Mexican situation with the members of the Senate foreign relations committee Monday night.

This was said at the White House yesterday to be "an old story revamped."

It was stated yesterday on the authority of a senator who attended that during a general talk those who favored raising the embargo on arms expressed the view that the Huerta government was able to procure ammunition with ease from abroad.

They did not contend that the Japanese government was directly concerned, but declared that ammunition had been bought of Japanese commercial houses.

It was stated yesterday that the subject was discussed incidentally in connection with the argument that the constitutionalists were at a disadvantage in the present struggle without ports of entry, such as the Huerta government holds.

White House officials declined absolutely to say what the views of the president were on the subject.

PROMISE IF ARMED TO OUST HUERTA

Mexican Constitutionalists Hope to Offer Interest Defaulted by Dictator.

Washington, Jan. 29.—A statement issued by the constitutionalist "confidential agency" here yesterday asserted that if the embargo on arms were raised by the United States the constitutionalists would take Mexico City and restore order throughout the republic "within a very short time."

"Huerta is importing thousands of Mauser rifles and millions of rounds of ammunition and field guns from Germany and France," the statement asserted. "Our forces, occupying the northern states, have no port of entry and can only import articles from the United States, which will not allow us to bring in munitions of war. We are thus placed at a disadvantage. We have 20,000 men eager to join our ranks, but we are unable to arm them."

"We need no help, and want only equal opportunity. Within a few weeks we hope to be in a position to offer to pay the interest on the Mexican foreign debt, on which the Huerta government has defaulted."

Mexico City, Jan. 29.—Eduardo Hernandez and Guillermo Mei-juiro, both former members of the Chamber of Deputies, were arrested yesterday afternoon in connection with the police plot to assassinate Huerta and seize the government next Sunday.

ATWOOD TO WED AERO PASSENGER

Engagement to Ruth L. Satterthwaite of Pennsylvania Announced.

Philadelphia, Jan. 29.—A real romance of the air is disclosed in Reading, where Mrs. Alfred H. Satterthwaite, at a luncheon, announced the engagement of her daughter, Miss Ruth L. Satterthwaite, to Harry N. Atwood, the aviator. Miss Satterthwaite met Atwood while he was making flights in New England. She was a pupil in a school there, and made several trips in his machine as a passenger.

MINE WORKERS IN TURMOIL.

Adjourn While Voting on Question of Increase of President's Salary.

Indianapolis, Jan. 29.—The roll call on the question of increasing the president's salary was still in progress when the United Mine Workers' convention adjourned last night in a tumult with 20 delegates on the floor shouting give us a fair deal.

FOREST NOTES.

The war department is reforesting a large area near Fort Bayard, New Mexico, for use as an army hospital site.

The light house reservation on the great lakes are able to grow all the white cedar needed for spar buoys in their district.

The Kaibab and the Coconino national forests adjoin each other. Yet it takes from two to three days to go from one to the other across the Grand Canyon of the Colorado.

There are several bands of the Persian fat-tailed sheep on the national forests of southern Utah. The large fat tail sometimes weigh as much as forty pounds, and, like the hump on the camel, is a reserve supply of nourishment when food is lacking.

Dr. B. E. Fernow, dean of the forest school of the university of Toronto, and Bristow Adams, of the U. S. forest service, has just been elected president and secretary, respectively, of the society of American foresters, the only organization of professional foresters in the western hemisphere.

\$500,000 GONE FROM ESTATE

Investigate the Death of Wealthy Mrs. Cross of Bridgeport

MANY SUDDEN WILL CHANGES

Executor Is Unable to Find a Large Sum

Bridgeport, Jan. 29.—Possibility of the body of Mrs. Hannah A. Cross, a wealthy widow who died here Nov. 25, being exhumed and an investigation being made into the cause of her death as well as the drawing of a will which made Frank M. Garfield executor of her estate, estimated at \$1,000,000, was seen here yesterday.

Prosecuting Attorney Delaney and Thomas L. Cullinan, named as executor by the courts when Garfield failed to furnish bond, are investigating the disposition made of the estate. Garfield has left the city with his family.

"I have been able to determine at present what has become of about \$500,000 left by Mrs. Cross," said Cullinan yesterday. "I have found that all of her property in Brooklyn was sold by Garfield, acting as her agent. He was given sweeping powers of attorney and, so far as I can learn, acted within the law."

William T. Ballard, a local druggist, has declared that he filled two prescriptions for Mrs. Cross on the day she died.

each calling for 25 half-grains of sodium sulphate. He thought it strange that two such prescriptions should be ordered in one day.

DEWEY'S ILLNESS TRIVIAL.

But Physician Orders Admiral to Stay Indoors.

Washington, Jan. 29.—Although members of Admiral Dewey's household insisted yesterday that the admiral was suffering only from a slight cold, his physician would not let him venture out of doors. This prevented the admiral's appearance before the House naval committee, where he was to have spoken in the interests of the naval appropriation bill.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT DANDERINE.

Save Your Hair! Make It Soft, Glossy, Fluffy, Beautiful—Grows Hair and We Prove It.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair, and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy—just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Adv.
